May 2013

What's Happening

Kendrick-Juliaetta and 7 Ridges Community News | Kjnewsletter@tds.net

Kendrick Locust Blossom Festival Mardi Gras

Put on your Mardi Gras attire and a happy face and come to Kendrick to celebrate the 52nd Locust Blossom Festival May 25th. Kendrick **Pioneer Visitors** are invited to register at the Park from 8:30 to 1:00 pm and wear a pioneer ribbon.

The **Fun Run** will launch the day's activities at the Festival this year. On hand to help get the runners started will be Steve and Beth Caskey. He was once pastor of the Methodist Church and they have come "home" to Kendrick to run in every festival since the run started. Register at Julietta Centennial Park between 7:00 – 7:30 am. You can run either two or five miles.

We invite you to enter the **Parade** and make the day even more fun for those who come to town. You may enter the day of the event from 8:30 to 9:45 at City Hall on Railroad Street or preregister by contacting Amber Brocke 208-289-5134 (leave a message) or email Amber at abrocke@hotmail.com. The parade will be led by Grand Marshall's Horst and Loeda Reil (Kendrick) and Richard and Janice Groseclose (Juliaetta). TDS is sponsoring an open house to honor the Grand Marshalls from 8:30 until 9:30

Immediately after the parade, it is time for the **Children's Races** in the Park. Kids can enjoy a pony ride and have fun in the park. "**Pound the Pavement**", a **3 on 3 Basketball Tournament**, will be held on 7th and Main beginning at 11am. It is a fund raising event for the Kendrick Boosters. Registration forms can be found on the KHS web site and Facebook as well as at both schools and Phil's Food City. Due date is May 17th.

Hill & Valley Garden Club is hosting a **Flower Show** at the Fraternal Temple. Quilts will be on display at the Methodist Church's **Quilt Show**. JK Heritage Foundation will have an outside booth to sell their latest historical publication "Southwick & Cedar Ridge"; as well as inside **Historical Displays** at the Fraternal Temple. This year's features are the Joe Fruchtl brick factory and early logging pictures. A new event will be the continuous showing of a **Johnson Mill Horse Logging Film** at the Fire Hall from 11:00 am to 4:00 pm. Be sure to enjoy the work of local artists at the **Art Show** in the large tent in the park.

Of course **T-Shirts** will be sold as souvenirs of the Festival. Pick one up on your way to the **BBQ Beef Lunch**. The Lion's Club is once again serving their famous BBQ beef, baked beans, and coleslaw. You can eat and experience all of the day's activities for just \$7.00. Buttons are sold at the Button Booth in the Park and the Lion's Club T Shirt Booth.

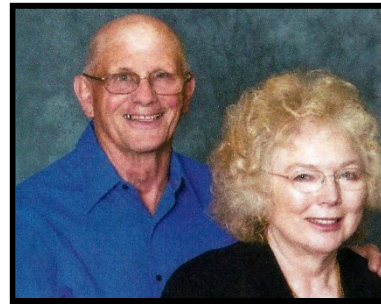

Enjoy the music of **Bear Grass** all afternoon in the Park from noon to 4:00 pm. The annual **Farm Girl Competition** will once again be held at 5th & Main at 1:00 pm.

Antique Tractors and Autos will be on display on Main Street after the parade for your viewing enjoyment.

& Loeda Reil

Horst

Richard

Groseclose

& Janice

Each year the Kendrick Lions Club is happy to honor people who have made a difference in the quality of life in our area. When there is mention of community service, two loyal supporters of any fundraiser or cause in the community come to mind. Horst and Loeda Reil. They give cheerfully and generously to their church and community.

Horst emigrated from Germany to the United States in 1961. Being the nephew of Henry Reil, he was promised a look at America's style of living. He is a man of many talents and always "Johnny on the spot" to help with any project. For years he has trimmed meat for the Lion's Club the day before cooking it for Locust Blossom Festival. He has been there for many a friend or neighbor when they had problems with appliances, plumbing, or needed something built. He and Loeda are avid gardeners and many people benefit from the bounty of their garden. Each January they butcher and process all of their own home grown meat.

Loeda has been volunteering with the Food Bank from the time of its inception approximately 25 years ago. She and Horst have been lifelong members of Cameron Emmanuel Lutheran Church where they both sing in the choir. They can be depended on to help with any function at the church. Loeda has been involved with making hundreds of world relief quilts to send to disaster areas as well as fancy quilts to sell for the annual bazaar for funding needy causes.

Both of them work diligently on historical preservation of this area. An ongoing Cemetery Project has them out scrubbing and photographing tombstones, researching for information on the person buried there, and compiling extensive books with the information available to future generations. Loeda authored an historical book on Leland last year and is co-authoring another this year on Southwick and Cedar Ridge.

The couple raised two daughters, which connected them to involvement with the local schools and 4-H Clubs. Karen lives in Lewiston with husband Mike Larson and two sons. Heidi also lives in Lewiston with her two young sons.

They are supporters of the Senior Citizen site at Kendrick and Horst often entertains with his squeeze-box. Whether Loeda is baking pies for a fundraiser or compiling information for a historical novel for the area, there is no such thing as idle time on the agenda.

The Kendrick Lions Club is honoring a couple from Juliaetta who have been active in civic affairs for many years.

Janice has been a lifelong educator, having taught school at Lapwai for forty-two years prior to retiring recently. She is a talented pianist and has shared her talents with the community by playing at events and playing for the Juliaetta Community Church for many years in the past. She has taught Sunday School, Bible School, and is currently sharing her love of music with some music pupils. She is the secretary-treasurer of the Juliaetta TV Association and recently applied for and received a grant of \$88,770.00 to upgrade the equipment for the reflector system.

Dick retired worked for Mead & Howard Lumber Company, which later became Gem State Lumber Company for forty years. He then worked an additional six years at Bennett Lumber Company before retiring. He has served for over thirty years on the Juliaetta City Council, and has overseen the summer employees for many years. Many locals are happy to see him coming with his snow plowing equipment during the winter, and his John Deere tractor and equipment when it is time to work gardens in the spring.

Dick, with his wife's help, has always been very proactive in Juliaetta with projects involving the town as well as the Centennial Park and trail. He has donated hundreds of hours to making Juliaetta be the best it can be. He has served for over thirty years on the Juliaetta City Council and has volunteered with the Juliaetta Volunteer Fire Department in the past. Dick and Janice have maintained the television reflector for the past forty plus years as well. Each year the Groseclose family has seen to it that the Star and Cross on the hill overlooking Juliaetta are lit up to bring happiness to the community.

They have one daughter Marylou, who also lives in the community with her husband Jeremy. She teaches dance to her young pupils and holds yearly recitals.

NEEDED: SWIMMING COACHES!

If you have some free time this summer, please consider helping coach our swim team. We currently do not have enough coaches to run the program, so we need your help. No experience necessary--you only need to know how to swim.

Contact Jill Groseclose at 276-4747 for more information.

LOTS OF HISTORY IN COLTER'S CREEK WINERY

It was the road less taken that brought Mike Pearson and Melissa Sanborn on a drive in 2007 along the Potlatch River and ultimately on the journey of a lifetime. They are the owners and operators of the Colter's Creek Winery and Vineyard and now the new Tasting Room and Wine Bar open in Juliaetta.

Long before Pearson and Sanborn's time, the Lewis and Clark expedition named the current Potlatch River after John Colter, an important member of and chief hunter for Lewis and Clark. Later, sometime around 1872, vines were planted near Lewiston and wine was produced from nearly 40 different varieties for over 40 years. In the early 1900's, Prohibition forced the abandonment of commercial wine making. But thanks to the skill and passion of Mike and Melissa, the Colter's Creek winery is again producing a variety of wines.

Not only do Mike and Melissa produce excellent wines, but they do it while involving local community members as well as maintaining the vineyards using many earth-friendly methods and materials. They use both chemicals and a mechanized tool to prevent weeds. A "weed badger" is employed that mechanically removes weeds from the vine rows. They reuse water as much as possible and have installed a rainwater collection system that filters and purifies water so it can be reused. Solar panels help pump water for irrigation. The winery is a collection site for the ReCorkSM program where wine corks are collected for recycling, ultimately becoming footwear, flooring and other building materials.

When harvest time rolls around, many volunteers can be found in the vineyard picking the beautiful grape clusters, getting them on the conveyer belt to prepare them for de-stemming and then crushing the fruit. The winery has involved groups like the WSU rowers, the UI cycling team and even the Juliaetta Elementary teachers.

The Colter's Creek Tasting Room and Wine Bar has been recently renovated and is now open for business in Juliaetta. The building housing the Tasting Room was built in 1905 and has been occupied over the past 100+ years by an automotive shop, a café and a tavern. Not only are Colter's Creek wines available, but also other select local wines, beers and products. Other offerings include items like salads, a cheese plate and lobster cakes.

Colter's Creek has a terrific website that includes so much information about the winery, the new tasting room and the wine-making process. Its website is colterscreek.com and is well worth taking a look. Their blog offers delicious sounding recipes, especially for soups, information on harvesting cork, other vineyards worth a visit and much more.

Treat yourself to not only a sip of good wine, but also a bit of history as you visit Colter's Creek in Juliaetta!

-Raina Weyen

Kendrick Lions Club

Plans are moving forward at a steady pace for this year's upcoming Locust Blossom Festival "Mardi Gras".

Lions Club members recently hosted a Booster Night and invited guests. Kelly Emo and friends entertained with live music. Archie served delicious food. Another event was guest speaker, Robert Blair, who told about his world travels with the Eisenhower Fellowship Agricultural Program. We look forward to hosting the Distinguished Young Women of the community on May 4th.

Lion Darrell Brocke has booked another blood drive for Monday, June 10th, at the Kendrick Senior Citizens Center. The draw will take place from 1:00 pm to 6:00 pm. The Cub Scouts will be assisting.

The Lion's Club will culminate their year's activities with a BBQ and Picnic to be held June 12th at the City Park. They provide the burgers and members bring salads, desserts, and side dishes

The **Distinguished Young Women Program** will take place on Saturday May 4th at 6:00 in the KHS gym. Admission is \$7 for Adults and \$5 for kids. This year's theme is *Secret Garden*. We have five girls participating this year: (back row) Carli Taylor, Whitney Harris, and (front row) Calista Zumhofe, Julia Gorbett and Misty Lewis.

We will be having our traditional cake auction along with flower planters this year. We hope to see everyone there.

News from the City of Kendrick

May Bond Election

The citizens of Kendrick should have received a letter in April inviting them to a Bond Informational Open House that will take place on Monday, May 13, from 5:30 - 7:00pm, at the Kendrick Fire Hall. We hope our residents will take the time to stop by our open house any time between 5:30 and 7:00 to understand why it is so important to pass the bond that will be on the May 21st ballot. We have been mandated by the EPA and DEQ to upgrade our sewer lagoons to avoid expensive fines. The city is actively seeking grants and other funding options to keep the cost as low as possible to the residents. If you have questions, you can contact City Hall at 289-5157.

Council Positions Open

The City of Kendrick will have three council positions and the mayor position on the November ballot. Two council positions and the mayor position will be a four year commitment and one of the council positions will be a two year commitment. Be thinking about if this is a way you would like to serve your community. Applications will be available in August and must be returned to City Hall by 5:00 PM on Friday, September 6.

Dog Licenses

There are many dogs within the city limits of Kendrick that still need to be licensed. The City of Kendrick requires dogs to be licensed every year. A dog that is spayed or neutered is \$5.00 and dogs that are not are \$10.00. Please do not include the fee with your utility bill as they are separate accounts. You can purchase licenses at City Hall.

Upcoming City Council Dates

May 13, at the Kendrick Fire Hall and June 17, and July 15, at 7:00 PM at City Hall. Dates are subject to change. Please contact City Hall to confirm the date if you plan to attend a meeting.

Kendrick War Memorial Pool

THE CITY IS PLANNING TO OPEN THE POOL SATURDAY, JUNE 15TH, weather dependent.

The pool can always use any lifejackets that your family has outgrown, especially toddler and small youth sizes. Thank you to the individuals that donated jackets last year! Also, if you have any medium to large-sized rubber ducks that you no longer need, we can add them to our collection in the wading pool.

Two sessions of swimming lessons will be offered again this year. Session I is July 22nd – August 2nd and Session II is August 5th – August 16th. The second session fills up quickly so please plan accordingly. Registration forms will be available at Kendrick City Hall as well as at the pool.

This year we will have a Certified Water Aerobics Instructor (Cindi Ferro Stockard). Classes are held Tuesday & Thursday evenings from 6-7pm starting the first week of July (water temperature permitting). Please join us for a fun and low impact way to exercise!

News from JK Fire Chiefs

Important date to remember: **May 10th** is the last day for the open burning season.

Open "outdoor" burning is any burning outdoors that does not pass through a stack, duct, or chimney. This includes outdoor residential, crop residue, and prescribed burning. Open burning also applies to material that is burned in burn barrels, air curtain destructors, or other such devices.

It is also illegal to burn garbage and most human-made substances, including plastics, hazardous wastes, paints, or painted materials, tires, and trade wastes (produced by a business) which emits hazardous pollutants into the air when they are burned.

A complete list of materials that are prohibited from being burned is available on DEQ's website at <http://www.deq.idaho.gov/air-quality/burning/burn-restrictions-and-bans.aspx>.

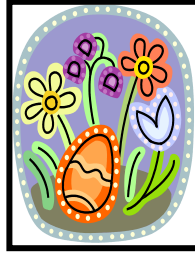

Upcoming date:

Mother's Day Car Wash Saturday, May 11th at the Juliaetta Fire Hall

The Juliaetta-Kendrick Volunteer Firefighter Association and firefighters from both departments would like to thank the community for their support of firefighter Zana Sherman's Benefit. Thank you for the generous outpouring of donations and gifts given for her Spaghetti Feed Benefit Fundraiser on April 27th.

Hill & Valley Garden Club

Hill and Valley Garden Club members are glad to see spring arrive. The garden at the east end of Kendrick is beginning to bloom to welcome all to Kendrick. Some members recently travelled to a Garden Club District Meeting at Kooskia. All were glad the snow storm let up before the drive home.

Barbara Paulsen and Edith Cole have put together plans for a wonderful "Mardi Gras" Flower Show for Locust Blossom Festival. You may enter either in two categories: horticultural or artistic design.

To enter a **Horticultural** exhibit, cut a specimen. Leave the foliage attached (however no foliage should be underwater in the container. Categories are: Roses, Flowering Bulbs, Peonies, Pansies & Violas, or any other blooming perennial; Foliage including hostas, ornamental grasses, or other; Annuals, House Plants; Succulents and Cacti, Containers with outdoor plants, or Flowering shrubs and trees. It is easy and fun to participate. Exhibit in a clear bottle or jar. You must have grown your own exhibited specimen.

To exhibit in the **Artistic Design** category, you may use commercially grown plants and flowers. All material must be fresh. Exhibits cannot be over 20 inches tall or wide. There are two categories: "Jewels of Spring" and "Water Colors." The third category is "Precious Moments" which is using dried plant material in a creative design.

Bring your entries to the Grange Hall on Friday from 1:00 pm. To 4:00 pm Friday for judging on Friday evening and display at Locust Blossom Festival.

The membership is pleased to be helping with the Distinguished Young Woman program this year. We are planting planters for the "Secret Garden" theme.

We are very excited to announce that the Smokey the Bear/Woodsy Owl art competition at Juliaetta Grade School produced two state winners. Their entries will go on to be judged at the national level. Congratulations to Aivree Brown and Lauren Morgan.

Our meetings are held the fourth Tuesday of the month at 1:30 pm at the Fraternal Temple. You are welcome to attend and visit at any time.

Sharon Harris, President.

Grant Awards for Youth Projects

The Hill and Valley Garden Club is committed to encouraging young members of our community to learn about plants and to experience the joys of gardening. Annually, the club funds a grant program under its "Youth Gardening Initiative," to sponsor plant-related projects and educational activities.

The club is happy to announce the following recipients of 2013 Youth Gardening Initiative Grants:

- ◇ Tiger Club After School Program
- ◇ 3rd Grade Class at Juliaetta Elementary School
- ◇ Kindergarten Class at Juliaetta Elementary School
- ◇ Cub Scouts Pack #103
- ◇ Juliaetta Planting Project
- ◇ Fix Ridge 4-H Club
- ◇ The Bees Hive It: Wayne Heath

Funds for this program are generated from the proceeds of the Soup, Bread and Pie Sale held during the club's annual Evergreen Sale in December.

-Polly Taylor Dennler

Fun with Flowers:

Summer Floral Arranging Events

3rd Saturday in June-September

In June, July, August and September the Hill and Valley Garden Club will partner with the J-K Arts Commission to sponsor a 6th season of "Fun with Flowers." Please plan to join us on the morning of the 3rd Saturday of each summer month. Flowers and containers for bouquets and arrangements will be provided at no cost to participants. The sponsoring clubs are in the process of gathering materials for this year's events, so if you have spare vases, jars or other containers that you would like to donate, they may be dropped off at Barbara Murphey's house, 406 E. Main Street, Kendrick, ID (208-289-8318).

Schedule:

- ***** Saturday, June 15th
- ***** Saturday, July 20th
- ***** Saturday, August 17th
- ***** Saturday, September 21st
- *****

SUPERINTENDENT'S MESSAGE

First of all, I wish to extend a THANK YOU to all patrons who supported our schools in the March Supplemental Levy election. It was a great relief to have your support and be able to begin the budgeting process for the new school year. We truly have wonderful schools in our communities. It makes it hard to say good-bye. I want to thank the staff, students and community for the past five years of serving at Kendrick Joint School District. I have enjoyed my tenure working with a fine staff and Board of Trustees. The opportunity to serve the community and make changes to our schools and curriculum has been very rewarding. I will miss everyone and the community. I wish the new Superintendent and Board the very best and hope that our children remain as our first priority. Cal

Tiger Tracks

Kendrick Junior-Senior High School In Recent News

The Tigers started the new year of 2013 off with a roar! Both the girls and boys high school basketball teams had excellent seasons and earned themselves the opportunity to play in the state tournament. The Lady Tigers had a great outing down South, netting themselves a second place finish overall. Following suit, the boys powered their way through the tournament and came home with a third place trophy to support their efforts. Continuing on that note of greatness, the KHS Junior High basketball teams both had excellent seasons, the boys, finishing with an almost perfect record!

As one may know with the ending of one season, comes the start of another; and likewise the softball, baseball, and track teams have begun competition. All three teams have been fighting fiercely! Team schedules have been posted at the end of this column. Come support your tigers as they battle their way into Districts!

Other extra-curricular activities have proved to be equally as exciting! The KHS Business Professionals of America team competed in the regional competition at the University of Idaho, and nine members earned the opportunity to travel down to Boise and compete at the state level, heading back with many great memories, and one member achieving National recognition. Band and Choir recently performed in the KHS gym and had a great turn out, congratulations to both of the groups for putting on a great concert!

On a final note, Kendrick High School graduation for the Class of 2013 will be held in the KHS gym on May 26th at 4:00 PM. Please come and support our seniors as we send them off!

For updated information and developments go to www.dist283.org. Thank you for your continued support! Go Tigers!

A Note from Kathy Jones...

Congratulations to the Kendrick High School Boys and Girls Varsity Basketball Teams. The Lady Tigers traveled to the Idaho State Tournament in February after battling their way through the Division II ranks. After not being ranked in the tournament, the Lady Tigers played valiantly and brought home the 2nd place trophy as well as the Sportsmanship Trophy. Two weeks later, the Boys Basketball Team found themselves winning their first game by trouncing the #1 Division II Team in the State. The Tigers also set a tournament record by having the highest score of 74 points in a tournament division game. The Tigers went on to play two more hard fought games, winning third place at the State Tournament. Senior players Kaitlyn Stamper, Kole Hardin and Jared Boyle were named to the All-Star Team for the North, and Kole Hardin and Jared Boyle were named to the First Team for White Pine League, Tim Olson was named to Second Team and Morgan Kirby and Braden Smith were named as Honorable Mention. Kole Hardin was selected for the Idaho All-State Team as well. Ron Ireland was named Co-Coach of the year for District II and Co-Coach for the All Star Game March 6th in Lewiston. Congratulations to all team members and coaches as they represented Kendrick well in league and state. A big thank-you to all the cheerleaders, managers, and fans who supported both teams throughout the basketball season.

What's Happening at Juliaetta Elementary School?

The downhill stretch is on to the end of the school year. So far we have had a GREAT year! It has been a productive one of learning new and exciting things while having fun along the way. Check the calendar on page 14 for exciting things coming up in May.

Last but not least, as you may be aware, our Principal/Superintendent, Mr. Calvin Spangler will be leaving us for a new life of retirement at the end of this school year. Mr. Spangler has been with Kendrick Joint School District since July 2008.

"Mr. Spangler it is time to chase your dreams that kept getting postponed for lack of time.

Enjoy the new adventure that awaits you.

We will always remember you!"

~from the staff and students at J.E.S

On behalf of **The Great American Flag Project**, we would like to invite you to participate as we raise funds for a motorized gymnasium flag in honor of our Veterans for the Kendrick High School gym.

Several schools in our area have a motorized flag which drops down from the ceiling of their gymnasium. As it unrolls, it is an impressive sight as the

crowd immediately quiets, hats come off, and hands are placed over hearts. Whether the Star Spangled Banner is played by a pep band, sung by vocalists, or the pledge of allegiance is recited as a group, this flag gives pause and reflection to all the Veterans, past and present, who protect our freedoms and country.

Our goal is to raise \$6000 with private and business donations and have a motorized flag in place by fall 2013 in the KHS gym. We are not asking Kendrick School District for any financial support, nor is this a school project, it is a community project. We understand the crunch that tax payers and rural school districts are in at this time.

Although we accept all donations, any financial gift of \$50 or more will have a choice of putting the name of the person they wish to honor, or the business agency, on a plaque which will be displayed on the inside of the gym. Many families have expressed an interest in donating to this project in honor of a veteran in their family, and we are also in the process of visiting with outside agencies who may wish to support small rural towns in various community efforts and projects.

All donations can be sent to: The Great American Flag Project c/o KHS, 2001 Highway 3, Kendrick, ID 83537 and a tax receipt will be mailed immediately. Our humble appreciation is included. If you have any questions, please do not hesitate to contact Kathy Jones, 208-289-3943. Thank you for your consideration of this project

*Kathy Jones, The Great American Flag Project Coordinator
Ryan Lawrence, Youth Committee Member*

The members of the Fix Ridge 4-H Club wish to express appreciation for the community's ongoing support of our aluminum can recycling campaign. The club collects aluminum cans year-round at our permanent drop site, which is located at D. Taylor Construction. The funds generated by the drive from March 1st through April 15th are used to support club operations. All other funds from the rest of the year will be designated for various worthy community efforts, and for the purchase of pool passes to the Kendrick War Memorial Swimming Pool, which will be distributed to families throughout the KJF area or used to sponsor free swimming events.

Love and Loss in Kendrick Kendrick Family Care

During the three years I have worked at Kendrick Family Care, the clinic staff has experienced many trials and emotions. These have also been experienced within the community. The emotions which are hardest to deal with are the feelings that come with death of a loved one.

There are many emotions that come with the loss of a loved one. The hardest is the idea of "assumptive loss".

Dealing With Loss

Assumptive loss is feelings and emotions that come when the person in loss has an expectation of the person that is gone. They want them to be able to fulfill a task or personal need. There is an emptiness that may never heal. Time may dull the emotions, but we may never get rid of these feelings.

Losing Loved Ones To Cancer

We have lost many people in these last few years to cancer.

According to the Centers for Disease Control and Prevention (CDC), there is about a 20 percent increased risk to have lung cancer if you have ever smoked. That risk increases with the years of smoking and number of cigarettes. The Surgeon General reports lung cancer is the number one cancer from smokers.

Other types of cancer that could occur from smoking are oral, pharynx, throat, cervical, prostate and bladder cancer. The CDC reports annual health care costs for America due to smoking is \$96 billion dollars. Smoking is the worst preventable cause of disease.

How Can You Quit?

How can you quit smoking? Most quit smoking not by any medical or smoking program but by pure determination. There are medical therapies which may be helpful, medication, counseling, behavior therapy, and nicotine replacement therapy. There is a free phone service to help you quit smoking sponsored by the CDC. It is 1-800-QUIT-NOW.

Gritman Medical Center offers free tobacco cessation counseling through the only certified Tobacco Treatment Specialist in the region. Call 208-883-6236 for more information.

Robert Mahal is a registered nurse practitioner at Kendrick Family Care, located at 610 E. Main Street. The clinic offers convenient hours and family-focused care. Walk-ins are welcome or call 208-298-3841 to schedule an appointment.

National Ice Cream Day

According to one calendar, Sunday, July 21 is National Ice Cream Day. To celebrate this day, you are invited to join us at the Methodist church for an Ice Cream Social. Serving will begin at 2:00 pm. Come and join us for a good time of fellowship with friends from the community, and enjoy some delicious homemade ice cream!

Beginning Sunday, June 2nd

Summer Worship Services start at 9:00 am.

Vacation Bible School (VBS)

Our annual Cameron VBS will take place this year from June 10-14. Each day will begin at 8:30 am with songs and end at 11:30 am. All children ages 4 through Grade 5 are invited. Older former participants are also welcome as helpers and crew leaders. The theme is: **Kingdom Rock: Where Kids Stand Strong for God**

There will be a closing program on June 14 at 6:00 PM with a potluck to follow. Families are encouraged to come and see what the children have learned. We hope to see many of you and pray for a safe and meaningful time during those days.

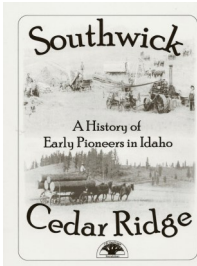

We would appreciate early registration but registration is also possible on the first day. If you have any questions, please contact the church office at 208-289-3471. If you need transport, let us know.

The Value of Life

I write this article the day after the bombing at the Boston Marathon. Another example of how easy it seems for an individual or individuals to take the life of another. Events such as this are becoming all too common as we hear about shootings or bombings.

One has to ask how did we get here and how do we fix it? I believe the answer to both of those questions is found in one common factor. Some believe that if we make the right laws we will be able to control society. What is the right law and do we need to control society or fix society? Time has proven that making new laws does not work. We still find it all too easy to take another's life. Could it be that we have always had the answer of what is wrong and how to fix it, but just refuse to accept it? Over the years we have tried to take God out of the picture by teaching that He is not necessary or even that He doesn't exist. When that happens something very significant changes as to how we view life. The answer we don't want to accept is found in the first book of the Bible, Genesis. It tells us that we are created in the image of God. That makes man special. That is what sets him apart from everything else God created. That is what makes man special above every other living thing. When you teach society that God doesn't exist then you remove that part of what makes man special and life has little value. Is it by chance that at the same time we have raised a society to not believe in God that we also have a society that has little value for life? If we continue to believe we can control man by making laws we will head down the same road we are on. Over two thousand years ago Christ died on the cross not to try and control man, but fix that which was broken in man's relationship with God-John 3:16. As long as we continue to deny God's answer and try and control man, instead of fixing that which is broken, we will continue to see more and more deeds like the bombing at the Boston Marathon.

-Pastor Larry Haylett

JKHF's members Loeda Reil, Mark Mustoe, and Sharon Harris have spear-headed a project to create a 570 page historical publication that portrays Southwick and Cedar Ridge's past history. Numerous historical pictures and revealing stories paint a vivid picture of the local characters and families, decisions, and area events that shaped this early

Idaho territorial footprint. Many writers have contributed to this effort. The **Southwick and Cedar Ridge** History book will be available for purchase on Saturday May 25th at both of JKHF's Locust Blossom locations--an outside vendor booth and inside the Fraternal Temple building. Thereafter the publication will join our other three books available locally at Bennett's Kendrick Hardware and Red Cross Pharmacy. Contact Sharon Harris for book mailings. Our partner Tia Pomponio, an esteemed area logging historian, has loaned us film footage showing early logging methods and sawmilling techniques at the historic **Johnson's Mill**. Viewing of this rare footage will occur during the Locust Blossom Festival at the Kendrick Fire Hall from 1:00 – 4:00 pm.

The Kendrick – Juliaetta Historical Tour project continues to move forward. Marsha Que Sera Productions of Moscow, owned by Marsha Schoeffler, is producing a Kendrick video that is an expansion of the tour guide booklet. The historical homes on the tour will have their designating signs hung in the coming few months. Richard Abrams is the contact for a discussion to where we are to hang each home sign. Watch for our enlarged Kendrick Historical Tour booklets and new DVD's in local stores. We gratefully acknowledge grants from the JK Recreation District, Lion's Club, Colters Creek Winery, and Idaho Community Foundation.

Emo's Masonry, Gutters & Roofing from Deary has already begun preserving needs to the Kendrick Fraternal Temple's external brick surface. Kendrick's Fruchtl Brick Company supplied some of the unique and much admired external bricks in 1903! This multi-phase repair project will progress faster with your "Buy A Brick" and Locust Bloom "Brick Project" raffle purchase. Funds for 2013 building repairs have recently been received from Northwest Farm Credit Services, Avista Foundation, J-K Recreation District, Tri-State Outfitters, Potlatch Corporation, Clearwater Power Company, and Cannon Electric. Our Locust Blossom Festival display in the Fraternal Temple building will feature **Joe Fruchtl's Kendrick Brick Manufacturing Plant**. Visit the Fraternal Temple for more interesting historical displays. You are reminded that we continue to seek and collect Kendrick Gazette newspapers.

Kendrick Urban Forestry

Kendrick Mayor Dale Lisher and Urban Forestry Board Chairman Dave Klatt hold the tree identification exhibit for the Kendrick Park. The drawing, a result of Latah Community Foundation funding, will be installed on the kiosk prior to Locust Blossom Festival.

The Kendrick Urban Forestry Board began the spring /summer activities by sponsoring the annual Arbor Day event on April 27. Partnering with the K/J Art Committee and the Hill and Valley Garden Club, the Forestry Board held a tree planting ceremony near the Sixth Street trail entrance. A nice Mountain Ash tree was planted with the help of local youths attending the event. The event kicked off in the Senior Center with cinnamon rolls and coffee, a silent auction, entertainment by the cub scouts and several awards to local youths and organizations.

The Board, with funds from a Latah County Parks and Recreation grant, will begin spring maintenance activities of plantings along the trail and prepare for watering and weeding as the temperatures warm up. The Board also hopes to plant two more crabapple trees along the trail between Sixth and Eighth Streets.

The tree identification project in the City Park is nearing completion. A grant from the Latah Community Foundation funded the survey of the park, identification of tree species and the hiring of U of I Landscape Architecture student, Brian Edwards of Moscow to prepare a drawing that will be displayed on the kiosk in the park. The framed drawing will be on display at the Arbor Day event and then mounted on a kiosk wall before Locust Blossom Festival.

The Urban Forestry Board started a program last fall to compile a list of names of residents interested in having trees pruned. A contractor was invited to provide quotes to those residents and several trees have been pruned. The contractor will resume this work in April as the leaves come on. The Board intends to continue this program and interested residents may call Dave Klatt at 208-289-5511 if they would like to receive a quote for pruning trees. Pruning and care for residential trees situated in public right of way is the responsibility of the owner adjacent to the trees.

Anyone with questions or issues concerning Kendrick's urban forestry can contact Andrea Masom at 289-5949 or the City Clerk at 289-5157. The group meets on the second Tuesday of each month.

-Dave Klatt

JK Senior Meals

The JK Senior Meal Site's Mission is to increase our local senior citizen's health and quality of life by providing nutritionally balanced meals, and economic education.

We run our program under the guidance of Area Agency on Aging (AAA), a federally funded program addressing the special needs of senior nutrition in our country. This program provides less than half of our operation budget. Voluntary contributions go towards the overall programs and services that we provide. Seniors who dine with us donate only what they can afford.

We depend on many volunteers to help serve food, make home deliveries, wash dishes, shop for groceries, pick up from The Food Bank in Lewiston each month, and clean the facility after meals. We have one paid employee to cook for the center (Abby Forsmann). Karen Lewis, one of our most innovative and faithful volunteers, not only does all of the above, but also cooks along side Abby.

We reopened on September 19th 2012, after a closure of 3 months last summer due to demolition by Primeland across the street from the center. Primeland, has completed it's project and has repaved that section of road by the meal site. Thank you Primeland, so much nicer.

The Center now has 4 new Parking Curbs, Thanks to Dale Lisher, who took out the old curbs, and replaced with 4 new ones from the Port of Wilma.

New flowers have been planted in the planters in front of the Senior Center by Karen Lewis, Thanks Karen.

In the last 7 months we have increased our Congregate count, and attendance on meal days. The first 4 months of 2013 we served 1120 meals at the center, and 550 home deliveries to our shut -ins.

Meals are served each Wednesday and Friday. Our doors are open at 11:00 a.m. until 1:00 p.m. Soup is ready by 11:15 a.m and the main meal is served at 12 noon. Menus are available at the Senior Meal Site at 104 6th Street, and also pinned up in the Kendrick and Juliaetta Post Offices each month.

If you have any questions or requests don't hesitate to call the center at 289-5031 or phone 289-8346. We are here to help you.

-Fran Lisher

KJ Arts Committee

During the March meeting there was an election of new officers:

Alice Campbell, Chair
Paul Rush, Vice Chair
Teri Hornberger, Secretary
Carol Bartlett, Treasurer

The Art4Kids program at the Juliaetta Elementary School was successful again this year due to a grant from the Latah County Arts and Culture Committee and the efforts of Art Committee members Teri Hornberger and Mary Edwards. Art work from the program will be on display during the Academic Fair on May 8th. Some of the children's art work will be displayed in the Art Committee tent during the Locust Blossom Festival.

We will be participating in the Locust Blossom Festival and Parade with a float and art show in the park. **Local artists are encouraged to show their work in our tent.**

The **Community Yard Sale** will be June 8th and is sponsored by the KJ Arts Committee. Norma Abrams will be in charge of this and if you would like to be included on the map please sign up by May 15th. There is an \$8 fee to have your location placed on the map. Contact Norma at 289-3151.

The Moscow Art Walk this summer will feature KJ artists at the Red Bento Restaurant in Moscow. Opening reception will be June 14th and the show will continue for three months.

The Art Scholarship from the committee is still available to high school students and community members to attend art instruction workshops.

The local artist show at Archie's Diner has changed to feature spring and summer paintings.

The pool mural project is progressing and we will soon be requesting a call for proposals from artists who want to submit designs.

Other summer plans include participation in the Flowers in the Park program in collaboration with the Hill and Valley Garden club and art activities for children in the park during swim lessons.

-Alice Campbell

Restoration going forward... one brick at a time

Thanks to a gift from the Hill and Valley Garden Club and those of you who ordered a memorial brick, we were able to get the brickwork on the front of the building repaired. We want to encourage additional support for a lasting legacy to anyone you want remembered in Kendrick. Brick sponsorship is \$50.00, which allows up to two names. Buy yours today with a check to Box 16, Kendrick, Idaho 83537. There remains to be a lot of brick yet to repair and Kelly Emo, our contractor, is eager to get going.

The breakfast fundraiser was well attended, and we thank you for your support. We were able to purchase the side lighting sconces for the hall, which greatly enhance the appearance. Thanks to Lee Cannon, they are in place. Additionally the Cannon's surprised us with the installation of three more attractive lights that they donated to the hall. Come and see our new lighting.

The floor is in much better style with the new dark green paint job that was made possible through the efforts of Val and Rose Norris and Jan Patterson. Our gratitude is extended to the funders of this project -- Idaho Community Foundation's Northern Region Greatest Needs Grant.

The hall was the sight of two weddings in March. Maybe love is in the air.

Plans are being made for the pie booth on Locust Blossom Festival. Pie will be sold in the Grange Hall as well as at the outside booth. Inside, where refrigeration is available, the ladies will serve cream pies, coffee, and iced tea. Outside will feature fruit pies and kettle corn. The kettle corn will be provided by Moscow Rotary Club to help us with our restoration efforts. Satisfy your sweet tooth at our booths. You can help our building renovation efforts by donating a pie or two for this fundraiser.

Von Zumhofe at Lewiston has created another of his bird house condos and that along with a quilt donated by Marilyn Eichner; a cord of wood donated by Joyce Brocke; a painted planter donated by Sally Manfull; and a wreath donated by Norma Abrams will make up the prizes for our Locust Blossom raffle.

The Grange is in charge of food at the July 19th Summer in the Park event.

Each step of the restoration project, no matter how small, improves our town and we want to keep moving forward.

-Sharon Harris

Primeland Cooperatives recently donated land and a building to the Kendrick Senior Center. The property, adjacent to the Center, was part of the land Primeland acquired with the grain elevator purchase last year. The building, originally a shop, will be used by the Senior Center for additional storage or future expansion.

"We have always been impressed with the Senior Center and their outreach to the Kendrick community," states Jim Miller, South Palouse Area Manager. "They are providing a good service and have also been very supportive of Primeland, especially during our demolition project next door last year."

Primeland Cooperatives, a division of CHS, Inc. is a local agriculture retail and grain handling cooperative.

Juliaetta Community Library Summer Events

Don't miss "Dig into Reading" - this year's Summer Reading Program ~ Summer fun for toddlers through Jr. High!

Sign up begins the week of June 3rd and the program continues through July

- * You do not need to attend or participate each week to join
- * You can sign up any week but to receive the grand prize sign up as soon as possible
- * You DO need to participate to attend the final party

Summer Reading Programs ~ for all ages

June 3rd - 10th: Registration and design your own book bag (free when you sign up)

June 13th: Palouse Discovery Science Center - 10:30 a.m.

June 20th: Crafts & Fun with Moscow Recycling Center - 10:30 a.m.

June 27th Hill & Valley Garden Club crafts & fun- 10:30 a.m.

July 11th: Spaulding Center - 10:30 a.m.

July 18th: Music and fun with Greg Hodapp - 10:30 a.m.

July 25th: Final picnic and swimming at Kendrick Park

Be sure to visit us during the Community Yard Sale in June for our Library Book Sale.

We will have a booth in Kendrick and one at the Library. Books for all ages, movies, and more; all at great prices!

Come visit the Juliaetta Library and have some summer fun!

Monday 3-7, Tuesday Closed, Wednesday 3-7, Thursday 10

-4, Friday 1-5, Saturday & Sunday - Closed.

208-276-7071 juliaetta@latahlibrary.org

**The Latah County Youth Advocacy Council
invites you to attend:
Got Talent! Awards Night & Talent Show**

May 16th, 2013 at 6:00 pm
Kenworthy Performing Arts Center
508 Main Street, Moscow, Idaho
Admission: \$5.00

The Latah County Youth Advocacy Council (LCYAC) is a collaboration of youth, families and community organizations, with the goal of reducing youth substance use in Latah County.

Our community has received many benefits from partnering with LCYAC:

- ◇ LCYAC initiated and supports the Youth Ambassador Program. KHS youth participating in the program benefit from the experience of serving as positive role models, and they also receive college scholarships. Youth Ambassadors are high school students who pledge to abstain from illegal substance use and other risky behaviors. The program promotes healthy attitudes, positive choices, leadership enhancement, and service to the community.
- ◇ LCYAC paid the consultancy fees for technical support and assistance in developing and writing the 21st Century Grant that currently funds the Before and After School Programs, the full-day kindergarten, the Pre-K FAST Program, and other valuable community resources.
- ◇ LCYAC has provided \$500.00 mini-grants in support of local youth. Grants have funded scholarships to the Idaho Drug Free Youth Leadership Summit; sponsorship of an i2i presentation by Idaho Drug Free Youth; annual contributions to our sober graduation event; childcare assistance for the Pre-K FAST Program, and more.
- ◇ LCYAC funds the cost of protocols and analysis for the Substance Use and School Climate Survey, which is completed by 6th, 8th, 10th and 12th graders. In this survey, students are asked about their use and avoidance of alcohol, tobacco, and other drugs; their experience with alcohol and drug education; and their perceptions about the school environment, including safety at school, and related safety issues such as driving under the influence of intoxicants. The information generated from this survey provides a valuable resource for school staff and community leaders seeking to address substance use issues.

Please come out in support of this worthy organization, and participate in the fundraising effort. For further information please contact LCYAC at 208.883.2268 or lcyac@latah.id.us

Summer Night in the Park

Don't miss the 6th Annual "Summer Night in the Park" events which will be held in the evenings of Friday July 19th and Friday August 16th from 6-9 pm in the Kendrick City Park. Mark your calendar for these fun family events....because summer will be here before we know it! Each event consists of entertainment from 6-8; free swimming from 7-9 pm; and concessions will be sold from 6 -7:30pm. Watch for more information on these fun family events on Facebook and on our website www.kendrick-juliaetta.org.

Cub Scout Pack #103 has been working on a few very special projects. The first is the "Penny Drive" which raised \$367 for the J-K Good Samaritan Food Bank. The Cub Scouts will be presenting a check to Larry Haylett at the Arbor Day Breakfast on April 27th. The boys would like to thank everyone who donated and to all the businesses that let them display a jar.

The second project the Cub Scouts have been working on is their "Adopt-A-Soldier" project. The soldier the boys have adopted is Aaron Gertje who is stationed in Afghanistan for a year. Aaron has ties to the community; he is the grandson of Wayne and Kaye Harris, and his dad Bret Gertje grew up in Kendrick before moving to the Boise area after high school. The Cub Scouts will be sending Aaron care packages and letters over the next year.

The Cub Scouts will be having their annual Pine Wood Derby car race on May 5th at the Kendrick Park. This year we are adding an "open class" to the derby. Anyone can enter a car in the "open class". The cost is \$10 to enter and the winner will receive half of the entry fees.

We will also be having our Blue and Gold Awards Dinner on May 5th after the derby. The dinner is potluck and the public is invited. In order to know how many to plan for you must RSVP to annabruce@tds.net by Wednesday May 1st.

South Latah Highway District News

SLHD will no longer be providing dust control for private parties. Businesses that perform the service are listed in the yellow pages under Road Oiling & Dust Control. The highway district will continue to apply MgCl to high maintenance areas.

Dangers of Cruise Control

Roads continue to be very slippery as snow melts and spring rains come. These conditions can increase your chances of hydroplaning.

What is hydroplaning? In rain (or other forms of precipitation) a layer of water builds up beneath your tires. As you drive at higher speeds, the car begins sliding on this layer and can cause loss of all physical contact with the ground.

Turning off cruise control is strongly advised to prevent crashes caused by hydroplaning.

August

- 16th Summer Night in the Park (p.13)
26th Proposed First Day of School

Memorial Day, a sacred day of remembrance for America's war veterans, is traditionally held on May 30th, but will be observed this year on May 27th. Our nation's collective consciousness urges all citizens to honor the sacrifices of their fellow countrymen during war and peace time. In so honoring the nation's war dead, we recognize their service and preserve their memory. **Chapter members from VFW Baker-Lind Post #3913 will ensure that flags are placed on the graves of over 400 veterans in our 16 local cemeteries.**

J - K AMBULANCE NEEDS VOLUNTEERS!

In 2006 J-K received a grant and acquired a new Extrication truck. In 2011 we received a grant and purchased a new ambulance and extrication equipment. All of this new equipment is useless if we do not have the trained volunteers to operate it and respond to our community's emergency needs. The requirements to become a volunteer are:

- Must be 19 years of age or older and have a HS diploma or GED;
- Must be willing to be on-call by radio at least one duty shift per week and one weekend shift per month for one year minimum or repay for training expenses;
- Must be in good health, must have a valid driver's license, clear driving record, and be able to pass a criminal background check.
- Be able to respond to the ambulance from home in 10 minutes or less when paged.

J-K will pay for the cost of training. We pay a stipend reimbursement for response to calls. Jackets & emergency response kits will be provided with one year of active service. Many hands make light work, the more volunteers the easier the duty. The benefits of being a member are to serve the emergency needs of your friends, coworkers, neighbors, family, and children. Without J-K Ambulance emergency response the people you care about will be forced to wait for another department at least 30 minutes away to respond . . . **if** there is a crew available.

If you are interested in volunteering please call Kim Cannon at 289-3314.
