Blue Star Memorial Ceremony

The Hill and Valley Garden Club is excited to invite you to the dedication ceremony for a Blue Star Memorial Marker at the Juliaetta Centennial Park, to be held on **Saturday, November 10th at 2:00 pm**. The ceremony will include participation by representatives of our Armed Forces, American Legion, or Veterans of Foreign Wars, as well as members of National Garden Clubs, Inc.

The Blue Star Memorial Marker Program of the National Garden Clubs, Inc. was introduced in 1945 to honor men and women serving in the Armed Forces during World War II. The name of the program represents the star symbol featured on the service flags that were displayed in homes and businesses to indicate that a family member was in military service. Garden clubs of the era envisioned a ribbon of living memorials traversing every state, composed of roadside plantings by club members. The right to designate Blue Star Highways was won by petitioning state legislatures and coordinating with Departments of Transportation, and the Blue Star Marker was designed to identify these roads.

The Blue Star Memorial Program has remained active to this day, and the ribbon of highway now extends for thousands of miles across the continental US, Alaska and Hawaii, with 2,304 markers nationwide. All men and women who have served, are serving, or will serve in the Armed Forces of the United States are honored by this memorial, so no marker bears an individual's name.

Markers are still dedicated each year to designate Blue Star highways, veterans' facilities, national cemeteries, parks, and civic and historic sites, demonstrating our continuing appreciation for those who defend our country. The blue star on the World War II service flag stood for hope and pride, and today, the same flag is still presented to members of our military serving abroad in Iraq and Afghanistan.

The Hill and Valley Garden Club, a member of the Garden Club Federation of Idaho and the National Garden Clubs Inc., has been granted approval to erect this memorial, which was purchased with funds donated by Zion Lutheran Church. This Blue Star Marker is proudly offered to our community in honor of all those who serve to keep us safe and free.

Juliaetta Elementary School Veteran's Day Assembly

Juliaetta Elementary School students and teachers will present a Veteran's Day assembly on **Monday, November 12th at 1:45pm**. Each class will contribute a recitation, song or reading.

We would like to invite all parents, relatives and community members to join us in honoring veterans and current service men and women.

We would also enjoy honoring deceased local veterans with a powerpoint presentation. Send a picture if possible and the information to the school—276-3422 or to dawn.quigley@dist283.org.

Will you help us? If you know a veteran or a current serviceman please send the following information to the elementary school by Wednesday, November 7th:

- ◇ Name
- ◇ Branch of service
- ◇ Years of service
- ◇ Where stationed
- ◇ Relation to a J.E.S. student or the community (e.g., Grandfather of, friend of, neighbor of, former student)not required
- ◇ Will this person be attending the assembly?

Let's Light the Park!

The KJ7 would like to invite all community members, businesses, organizations, and churches to participate in the 11th Annual "Light the Park" Celebration.

Each business/organization/individual interested in participating will be assigned a tree to decorate in the Kendrick City Park. Each business/organization/individual is responsible for decorating as well as providing lights needed for that tree. We are asking that only lighted items be placed on the trees again this year. We would like to encourage everyone to get creative and individualize their tree. Make it your own! If you decorated a tree last year and did not take down your own lights our committee most likely has them in storage. Any lights removed from trees last year will be brought out on our community decoration day. Unfortunately, because the lights are used 24 hours a day for over a month they rarely last more than a year or two so please plan on bringing some extra.

We will have a community light the park day on **Saturday November 3rd beginning** at 8:00 am. This is a great day to get your tree decorated! There will be ladders available and extra sets of hands to help you decorate your tree. Once again this year we will have a snorkel lift, donated by Western States Rental and L&S Construction, and a lift truck, donated by Avista Corporation, to get the lights higher in the trees. If however you chose to decorate your tree on another day we would like to ask that it is decorated no later than Sunday November 11th.

We are also taking donations for our annual raffle; this fund raiser helps fund this annual event. Tickets will be sold from now until November 17th for \$1.00 each or 6 for \$5.00. Ideas for donations are gift baskets, handmade items, gift certificates to be used at your business, items that promote your business or organization.

Please don't forget to join the KJ7 on **Saturday November 17th at 5:00 p.m.** when we will host our 11th annual "Light the Park" celebration. After the ceremony books will be handed out to the children and a dinner will be served in the Kendrick Fire Hall. There will be several things going on that evening so please check out our website www.kendrick-juliaetta.com or Face Book page for more details.

If you are unable to commit to decorating a tree but would still like to participate in this project there are MANY ways you can still get involved. A few ways you could help would be to volunteer on one of our community decoration times, assist with the planning and preparation of the ceremony on November 17th, or sell raffle tickets. There is LOTS to do to get the park ready for this event and the KJ7 would appreciate ANY help they can get. Another way to help with this project is by giving a monetary donation. The cost of putting on an event such as this is very expensive. Although we hold a raffle each year to help pay for expenses incurred, it often does not cover all the costs. Please know that any size donation will be very much appreciated. *If you would like to make a monetary donations please send your contribution to KJ7/Light the Park, P.O. Box 201, Kendrick ID 83537.*

To sign up to decorate a tree or find out other ways to participate in this annual event please contact Anna Bruce by phone at (208) 289-4473 or by e-mail at kjcda2@tds.net.

Anna Bruce, Light the Park Chairman

The 4th Annual Oktoberfest was once again a success! Over 175 prime rib dinners were served and \$5000 was raised to benefit the Friends of Pat Rush Organization. The Friends of Pat Rush Medical Assistance Fund was established in 2009 to provide some financial assistance to those families or individuals faced with a life threatening illness. To date we have helped 18 individuals and families. If you know of someone in the community battling cancer or any other disease please pick up an application at Wells Fargo Bank or visit the kj website. You can also mail a letter of request to: Friends of Pat Rush, PO Box 25, Kendrick ID, 83537. The organization would like to thank the community for their overwhelming support!

Hill and Valley Garden Club Very Busy

The annual Evergreen Sale is rapidly approaching. The sale will be held on December 7th at the Fraternal Temple Building. Pre-orders can be made by contacting any Garden Club member. Lunch—homemade soup, bread and pie—will be served from 11am to 2pm. Plan to attend.

New officers serving the club this year are: Sharon Harris, President; Margaret Treu, Vice President; Teri Tate-Hornberger, Secretary; and Patti Silflow, Treasurer.

Garden Club members enjoyed a daylong fall tour visiting the gardens of Edith Cole and Delta Heath-Simpson. Edith lives near Pataha, Washington and raises over 500 varieties of Chrysanthemums. Edith is an amazingly spry 82-year young avid gardener, avid historian, and national horticultural judge. Delta and her husband have cultivated many species of trees and flowers in addition to their usual garden produce. They save all their own seeds for replanting. The ladies enjoyed lunch at the historic Pataha Flour Mill.

Members prepared nearly 50 centerpieces for display at the Pat Rush Octoberfest. The large centerpieces were donated to the auction.

Members traveled to Grangeville to attend a District Meeting on October 18, 2012. The membership enjoyed painting gourds and pumpkins at their October meeting.

Plans are being made for more beautification projects for Kendrick and Juliaetta. A Blue Star veterans memorial has been ordered for the Juliaetta Centennial Park. Funding was provided by a gift from the Juliaetta Lutheran Church. A new garden was planted in the alley by the Garden Club entrance. More plantings are planned for enriching Kendrick.

Keep space heaters at least three feet from anything that burns.

Palouse Discovery Science Center To Bring "Project SOS" to Kendrick/Juliaetta

The Palouse Discovery Science Center (PDSC) in Pullman, has received a National Science Foundation (NSF) grant award to fund a two-year outreach project called "Project SOS: Making Connections Using the Science of Sustainability." The project topic is the science behind sustainable housing, with a special focus on conserving heat energy. For the first year, the PDSC will develop hands-on activities and prototype exhibits. During the second year, we will bring the exhibits and activities to three rural communities: Kendrick/Juliaetta, ID, Rosalia, WA, and the Coeur d'Alene Reservation in Plummer, ID.

Youth participants (ages 11-15) will explore how building materials and their properties can be used to control heat transfer and experiment with retrofitting a model house to improve its energy efficiency. They will also receive take-home materials to investigate heat transfer in their own homes. Older teens will serve as mentors for the younger participants, and parents will also be invited to participate in some of the activities.

The Project SOS team consists of PDSC staff, faculty from WSU and U of I, staff at the Palouse-Clearwater Environmental Institute in Moscow, and an advisor from OMSI (the Oregon Museum of Science and Industry). Additional partners include representatives from all five power companies that serve the three rural communities, along with representatives from each community. An initial workshop for the Project Team and all partners will be held on Thursday, November 8. Anna Bruce has been involved with planning the project and will serve as the Kendrick/Juliaetta representative.

The PDSC will submit future articles to document our progress on the project, but in the meantime, if you have questions or would like to know more about it, please contact Kathy Dawes by email at outreachpdsc@gmail.com or by phone (208-310-2922).

Kendrick School District #283

Autumn is here and the first quarter is ending. Parent/teacher conferences will be held November 7th and 8th. With winter right around the corner, it is important to make sure your children are dressed in clothing that will keep them warm for bus travel and the playground.

My first topic will be that of school attendance. Each year I remind parents and students of the fiscal impact to a school if students do not attend school regularly. The state only pays funds for days students attend school, so we lose money when students are not in school. Funding is important and it is impossible to budget for students not attending each day. Also a reminder, the more you are in school the more you can learn! If you have doctor appointments, please keep your child in school until after 1:00pm to count the day for funding. Our school enrollment in grades K-6 is 120 students and in grades 6-12 we have 117 students. This count is down about six students from last year.

My second topic is to inform the community that the School Board has changed their regular meeting dates from Thursdays to the second Monday of each month. Meetings will still be held at the JES principal's office at 7:00pm. Along with the change in Board meetings, is the upcoming 2013 Supplemental levy election which may be held in March. The trustees will be making that decision by the December meeting.

There will be another election in May where the community will elect two new School Trustees. Buddy Henson from zone 3 in Juliaetta and Deb Klatt from zone 2 in Kendrick have both indicated they will not be seeking re-election. So if you are interested, please watch for your petition dates in the Lewiston Tribune.

Before these veteran trustees leave, they must hire a new Superintendent/Elementary Principal as I will be retiring at the end of the school year. Timelines are being drafted and work has begun on the selection process. The board will be advertising this position in Dec.-Jan. If you have any opinions concerning this issue, the trustees would appreciate your input.

The school district is working on a **new website** and it should be fully operational by the end of next month. The entire staff has **new e-mail addresses** that are currently operational. All addresses will use the new URL dist283.org using their first name dot last name. You can reach the district office at district.office@dist283.org and the superintendent at cal.spangler@dist283.org each employee can be reached using this format.

Our staff and administration are working hard to make sure each and every student demonstrates academic growth each year. Please feel free to visit our schools, as I know you will be pleased with what you observe. Thank you for your continued support of our schools.

-Superintendent Spangler

What's happening at Juliaetta Elementary School?

We are well on our way in the 2012-2013 school year, and we have had a wonderful start to the year. Students have transitioned from their "summer lives" to their "school lives" without a hiccup, and they all seem excited to be back and learning new things.

Here are some of the exciting things that we have been working on for the upcoming months:

- * Much to the success of last year's Veterans Day Assembly, our students and staff would like to again honor the Veterans in our Community. That assembly is planned for Monday, November 12th at 1:45 p.m.
- * The Missoula Children's Theater will again return to our school the week of November 12th. This year the Production will be "The Secret Garden". As always they will end the week with 2 shows one in the afternoon and one in the evening. More information will be posted closer to the date.
- * Mrs. Gertje is currently working with the students for the Christmas Program, which has been scheduled for December 14th at 1:30 p.m.

Please mark these dates on your Calendar. Our staff and students are proud of the work they have been doing and welcome you to enjoy the fruits of their labor.

-Denise Silflow

The Missoula Children's Theatre is coming back to Juliaetta Elementary!

The performance is *The Secret Garden*.

The MCT team will be in Juliaetta from Monday, November 12 through Friday, November 16th. Tryouts for the play will be Monday after school. During the week, performers will learn their parts. Then, on Friday, November 16th, the kids will perform twice: once at 1:30 p.m. and once at 7 p.m. The public is invited to both of these productions.

This event is sponsored by the JES PTO. During both performances, the PTO will have a silent auction of several gift baskets. The money made from this fund raiser will be used to bring MCT back in the future.

Hints for Homework from KHS

Fall is here and things are picking up! As we navigate another school year, here are some helpful strategies for kids and parents for keeping up...

Think it Through

Before your student begins, have them make up a to-do list. Example: write a poem, read a history chapter, solve 10 math problems.

Then, suggest they number the tasks, from toughest to easiest, and start with the hard stuff. This "save the easiest for last" strategy will help them finish on a high note, and perhaps inspire them to do some extra studying.

Think About Time

Ask your child to consider different time slots she can use to get work done. For instance, maybe she could set aside a weekend morning, Sunday night, or time before practice. Encourage your child to complete at least one assignment at school each day if they have any "extra" time. The more they do then, the more time they'll have for fun later.

Think Positive

Help your child see completing homework as an opportunity to relieve stress. Homework isn't stressful, not having homework completed and being unprepared for school is stressful!

TURKEYS NEEDED

The J/K Good Samaritan Food Bank is in need of turkeys for Thanksgiving and Christmas Baskets. These baskets contain everything needed to prepare a holiday meal including desserts. Each year the food bank prepares approximately 40-50 baskets for each holiday. Families of 4 or more members get a turkey while smaller families get a chicken. In the past years the Idaho Food Bank has helped us with getting our turkeys but they will not have turkeys available this year. This is going to be a big expense as we will need approximately 25-30 turkeys for each holiday. You may not think that your donation of one turkey would help much but each turkey we get will be a savings for the food bank and be of help to a family. We will need the Thanksgiving Turkeys no later than November 14th as we give out Thanksgiving Baskets on November 16th. Christmas Turkeys will be needed by December 19th. As referred to earlier smaller families will receive a whole chicken so we also have a need for chickens. If you would rather give a cash donation and have us purchase the turkey or chicken you can mail it to J/K Food Bank PO Box 61 Kendrick ID or give a donation to the food bank account at Kendrick Latah Federal Credit Union.

Cameron Lutheran Church

Fall-going-into-winter activities began September 9th and are in full swing. Regular fall worship is at 11am and Sunday school classes for children age 3 through grade school age is at 9am. They are learning about some of the Old Testament people who were basic to what we believe as Christians. There are great stories and crafts and LOTS of music! There is also a lively adult Bible study class. All are welcome to join the classes.

The choir began work on the Christmas cantata on October 16th and will continue to rehearse each Wednesday at 7pm. The performance will be December 16th at 4pm, followed by a coffee hour featuring wonderful Christmas cookies. Anyone who likes to sing is most welcome to join us.

Thanksgiving services will be at Cameron Tuesday, November 20th. A soup and sandwich supper will start at 6pm, followed by the worship service at 7. Join us for a time of thanksgiving and fellowship.

The four Sundays of Advent will begin on December 2nd. This season of anticipation will be celebrated in four very special Sunday services preparing us for the birth of Jesus. His birth will be celebrated a two different services: on Christmas Eve the Sunday School will present its annual program at 6pm; on Christmas Day there is a celebration at 10am.

Several other activities going on at Cameron. Every second Sunday at 7pm there is a time to share devotions and dessert at someone's home. If you are interested in attending, call Bud Holt at 289-4647 for the location of the next session.

Each Thursday until November 15th there will be a Bible study devoted to "Family Ties", based on some of the important families in the Bible. The classes are held at the church and there are two sessions: 2pm and 7pm, both led by our interim pastor, Douglas Nemitz. The families presented so far have led to a lot of interesting discussions. Each session is independent of the others so people can feel free to join at any time.

Come-4-Fun will continue to meet at the Juliaetta Community Center after school on the second Thursday of each month from October until April. If you are interested in helping or would like more information, call Teri Hornberger at 289-3434.

Cameron has been blessed by the arrival of its interim pastor, Doug Nemitz and his wife Pam. He will serve until a new permanent pastor is called. Their primary home is Spokane, where they have lived since he retired from full time pastoral work. He says he is enjoying the people and also the great scenery from the parsonage windows. And boy, can he sing!

The women have also been very busy. After the work and reward of the bazaar, the rest of the year until June will be used to make quilts, baby care kits, personal care kits, school kits and other items that Lutheran World Relief sends to people all over the world. Cameron recently took 353 pounds of these relief supplies to Spokane to be shipped. The church-wide goal is 500,000 relief quilts this year (100,000 more than last year), so our production will be stepped up to help meet this goal. The group meet beginning at 9am the first and third Wednesdays of each month beginning in January. More hands are always welcome! If you like to quilt, the women will also be working on the hand-stitched quilts to be sold at next year's bazaar.

If there are any questions about activities or events at Cameron, please call the church office at 289-3471.

Thanksgiving Service

The churches of the Clearwater Evangelical Ministerial Association (CEMA) will be joining together for a Thanksgiving Service. It will be at the Juliaetta Community Church November 20th at 7:00 PM. We would like to invite you to join us for this Celebration of Thanksgiving.

Southwick Bible Church will host our 5th Annual wreath-making class on November 17th.

The morning will begin with sweet rolls and coffee at 9:00 AM and wreaths should be ready to hang on your door by 1:00 PM. A soup lunch will be provided. Please bring your own wire snips, scissors and work gloves if you have them.

Christmas Carol Sing And Dinner

Juliaetta Community Church will be sponsoring a dinner and a time of singing Christmas Carols November 25. Many of the churches in the area will be participating and we would like to invite anyone who enjoys singing Christmas Carols to come out and join us. The dinner will be at 5:00 PM and The Carol singing will be from 6 PM—7 PM. If you are coming but have not been counted with one of the participating churches please call 276-4510 so we can plan our meal accordingly.

These two months, November and December, are going to be a time of three elections that will affect us for the rest of our lives and possibly even for eternity. That first election comes November 6 when we elect who will lead us for the next four years. As citizens it is our responsibility to vote for the candidates that we think would be best for leading our country. We each have our opinion as to who the best candidate is for a particular position. As Americans we have the special honor of voting that many around the world do not have. Once we cast our vote we all then take on the same responsibility no matter who is elected. Scripture tells us we are to pray for those who are in authority. It does not give us the option to pray only if our candidate wins but says ..."prayers...be made for ...all those in authority" First Timothy 2:1. Once the elections are over we have a duty to keep our elected officials surrounded by prayer.

Our next election comes on November 22-Thanksgiving Day. We must elect as to whether our thanksgiving is going to be a day we celebrate once a year or make it a daily thing. It is easy to go through a day a week or longer and never see what we have to be thankful for. As daily events come our way we can get caught up in them and become anxious about finances, job situations, family problems and the list can go on and on. Anxiety never solves those problems but can add to them by bringing mental strain and physical problems upon ourselves. God has a different solution for our problems. He wants us to talk to him so we can have peace about the things in our lives. Philippians 4:6,7 says "Do not be anxious about anything, but in everything, by prayer and petition, with thanksgiving, present your request to God. And the peace of God..will guard your hearts and your minds in Christ Jesus." Thanksgiving Day reminds us that we elect to have lives of anxiety or peace. Each day we cast a vote for either anxiety or peace.

Our final election comes on December 25. What will I elect to do with this Jesus that was born in a manger? Many have already cast their vote and accepted the one who was born on that first Christmas Day. This election is different than the others in that if one has chosen to vote to reject Jesus they still have an opportunity anytime in this life to change their vote. It is through Him that one can find the truth of Philippians 4:6,7 for He opens the door for me to come back to God so that I can talk to Him on a daily basis and trust Him for the daily things in my life. No election is as important as this one for it affects me not only for a life time but for eternity.

Heritage Foundation Very Busy

Members of JKHF have had a busy summer. We have acquired grant funding which has been put into several projects to improve the communities. The signage for the historical tour businesses in both towns is almost completely installed. The signage for the designated historic homes has been purchased. Work has gone forward in preparation of tour booklets for Kendrick and Juliaetta with newly acquired facts and pictures. A DVD will be available for purchase that will feature the two towns. This project, which will proudly outlay our historical heritage will be completed in the spring of 2012.

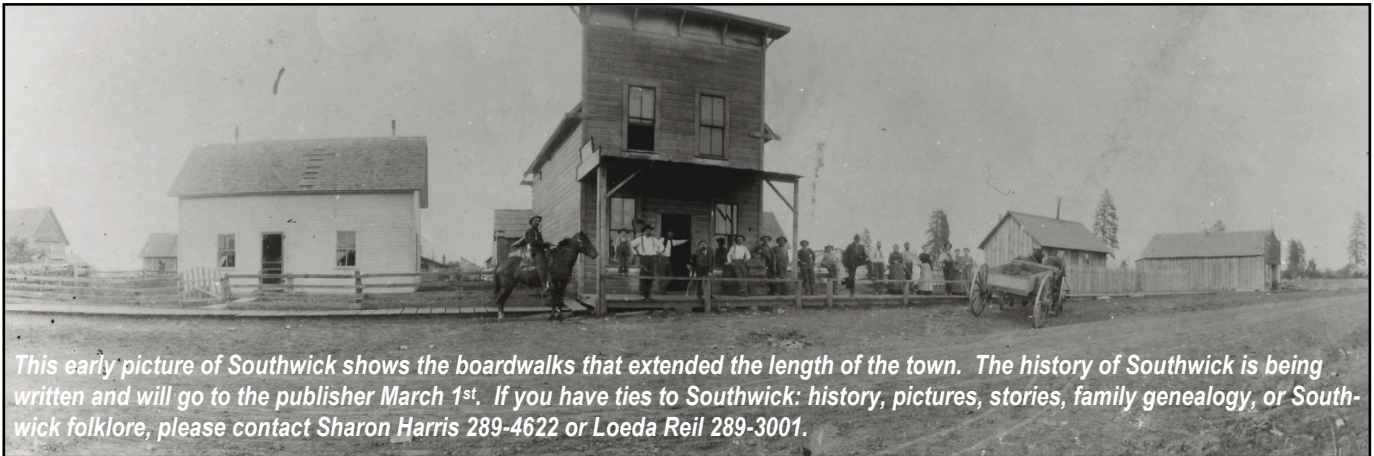

The Foundation is providing funding for some of the Fraternal Temple renovations. Members have pitched in to give a hand with the façade of the building. The upstairs great hall is nearly completely sheet rocked. Ceiling insulation has been installed which will help for a warmer winter inside the building.

Many enjoyed the historic pictorial display of Juliaetta at the Blackberry Festival. The "History of Leland" giveaway was won by Marilyn Eichner.

At their October meeting, members sorted through old Gazettes. They are trying to accumulate a complete collection. If you have old Gazettes to donate, drop them at the Kendrick Hardware.

Your holiday shopping can be made easier with purchase of one of the "Letters from the Front" volumes or the "History of Leland."

We are now welcoming annual memberships for 2013. By supporting us with your donation, you are affirming the fact that you value our efforts to preserve Juliaetta, Kendrick and our surrounding area's historical and cultural history! Your contribution gives you an opportunity to make meaningful progress toward present and future generations learning from the past.

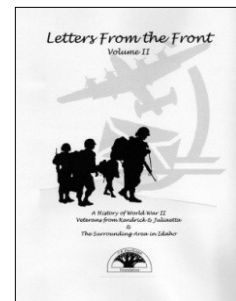

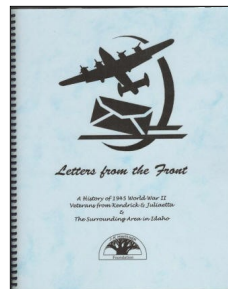

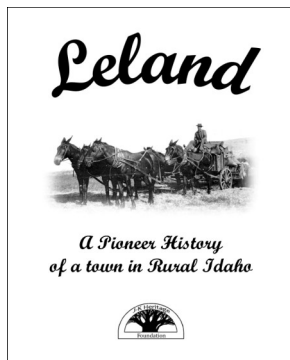

This early picture of Southwick shows the boardwalks that extended the length of the town. The history of Southwick is being written and will go to the publisher March 1st. If you have ties to Southwick: history, pictures, stories, family genealogy, or Southwick folklore, please contact Sharon Harris 289-4622 or Loeda Reil 289-3001.

City of Juliaetta

The Kendrick-Juliaetta Planning and Zoning Commission needs to fill a volunteer position. The volunteer must live in Juliaetta's area of impact, and must have lived in area for 2 years. Duties require attendance at P & Z meetings which are held on 3rd Monday of month when needed. Contact Juliaetta City Hall 276-7791 if you are interested.

Introducing the Sassy Scrappers

Approximately four years ago a group of local women got together at the Juliaetta Community Library and decided that we wanted to learn more about making cards and scrapbooks as well as other paper crafts. Some of us had been making scrapbooks and cards for a number of years and some had never made a scrapbook or a card in our lives. The library was subscribing to a couple of paper craft magazines and several of us had some supplies for the crafts to get the group started. We began meeting once a month on a Saturday, either at the library or at the Juliaetta Community Church. Randy Haylett, who had been doing paper crafts for years, often brought us new ideas and taught us new techniques. The group decided to charge \$5.00 per person for the class and use the money to buy more supplies. In the beginning, we didn't have a name for our group but we continued to meet once a month for 8-9 months out of the year, from September through May. Then last year we decided we needed a name and the "Sassy Scrappers" was chosen. Each month, we try to schedule our meetings to avoid conflicts with other community events so we do not have a set date to meet each month. Over the years we have had people join then stop coming and new people have joined. We have a core group of around 8 who usually attend each month. Several of the members have Cricut die cut machines and many cartridges to share that are available for use during our meeting. We have also purchased paper and adhesives and embellishments that the group shares for our individual projects. Light refreshments are always served and we hold our get together from 9 am until about 12:30 or 1 pm. We would love to have anyone who is interested in paper crafts join us and bring your ideas and supplies to share. If you are interested, please call Jan Welles at 276-7080 to get your name on the contact list.

Building Face Lift a Realty

New officers as well as a new way of doing business were adopted at the October meeting. The Grange has switched to having the following officers: President, Richard Abrams; Vice President, Lee Cannon; Secretary, Norma Abrams; and Treasurer, Sharon Harris.

The group sponsored a fundraiser October 27th. A delicious bratwurst sausage dinner complete with dessert was enjoyed by those attending. The band Clearwater Country played for everyone's enjoyment. The architecture students at the U of I had their drawings of the future of the building available for public comment.

The group is sponsoring a building restoration project entitled "Buy a Brick". A bronze label with the name (s) will be displayed. Each display costs \$50.00 (or any amount above that you would care to give.) The bronze plaques will be on permanent display.

The restoration of the front of the building was delayed by extreme heat and then smoke, but is finally taking shape. Lee Cannon, Nate Tschetter, Travis Wells, Chris Kowrach, and Sharon Harris have been part of this crew. Moldings were made by Frank Heath.

Upstairs the great hall is taking shape. New sheet rock has replaced crumbling plaster. Ron Coleman has been working there and it is rewarding to see the building become "inhabitable." Lee Cannon has been updating wiring in the facility. -Sharon Harris
